

# Introducing the NEW 150HP OPTIMAX PRO XS

**THE FASTEST, MOST PROVEN**  
*bass engine on the planet*

Nothing on the water today is **FASTER** or more **PROVEN** than the OptiMax Pro XS. And we're proud to introduce the newest addition to this high-performance family, the **150 hp OptiMax Pro XS**.

The 150 hp ProXS is a perfect fit for those anglers looking to increase the performance of their 18 ft bass, multi-species, and saltwater bay and flats boats.

**See How the 150 hp Pro XS Beats the Competition:**

**TOP SPEED**

**OptiMax is 4.5 MPH FASTER**

**Mercury OptiMax 150 hp Pro XS 58.7 mph**

running @ 5568 RPM\*

**Evinrude E-TEC® 150 hp HO 54.2 mph**

running @ 5409 RPM\*

**FUEL ECONOMY**

**OptiMax is 15% MORE EFFICIENT**

**Mercury OptiMax 150 hp Pro XS 6.4 mpg**

cruising 29 MPH @ 3250 RPM\*

**Evinrude E-TEC® 150 hp HO 5.6 mpg**

cruising 29 MPH @ 3050 RPM\*

**OptiMax**  
**ProXS**

**BUILT TO WIN**

**OPTIMAX 2-STAGE INJECTION**

The DI system shoots fuel directly into the top of the cylinder at 95 PSI, maximizing combustion and increasing efficiency.

**CARBON FIBER REEDS**

Improves power and torque for lightening quick acceleration and outstanding top speed.

**CHAMPION GENES**

The 150 hp OptiMax Pro XS joins a complete line-up of the fastest bass engines on the planet. From 115 to 250 hp there is an OptiMax Pro XS that fits your needs.

**EXHAUST TUNER & HIGH-PERFORMANCE CYLINDER HEADS**

This unique combination works in concert to maximize power output and overall performance.

**60 AMP ALTERNATOR**

The belt driven alternator cranks out 44 amps at just 1000 RPM. More than enough power to supply your boat's electronics.

**CUSTOM VENTED FLYWHEEL COVER**

Mercury's vented flywheel cover dramatically improves air flow and power development.

**MERCURY PROPELLERS**

When paired with the trusted Tempest Plus, you have an unbeatable combination.
